PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of professional experience building responsive, scalable, and user-focused web applications. Experienced in React, TypeScript, JavaScript, HTML, CSS, and modern frontend development practices. Skilled at translating business requirements into intuitive user interfaces while collaborating with cross-functional teams to deliver high-quality digital solutions.

TECHNICAL SKILLS

Frontend

- Next.js, React.js, TypeScript, JavaScript (ES6+), Tailwind CSS, Bootstrap, HTML5, CSS3,

State Management & Data Handling

- React Hooks, Redux Toolkit, Context API, REST APIs, JSON

Tools & Development

- Git, GitHub, Vite, npm, Chrome DevTools

PROFESSIONAL EXPERIENCE

Frontend Developer

ICMA Professional Services | Full-Time | 2024 – Present

Key Responsibilities & Achievements

- Developed and maintained responsive web applications using React, TypeScript, JavaScript, HTML5, and CSS3.
- Collaborated with backend developers and stakeholders to implement business requirements and deliver user-centric solutions.
- Integrated REST APIs and managed frontend data flows for enterprise applications.
- Participated in code reviews, debugging, testing, and performance optimization initiatives.
- Developed dynamic forms, dashboards, and data-driven interfaces for business operations.
- Implemented modern frontend best practices including component reusability, clean code principles, and maintainable architecture.

Key Technologies

React, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Git, REST APIs

PROJECTS

Enterprise Revenue Management System

- Built user interfaces for revenue administration workflows and data management.
- Developed forms, upload modules.
- Focused on usability, validation, and responsive design.

Tech Stack: React, TypeScript, Tailwind CSS REST APIs

House Marketplace & Listing Platform

- Developed user authentication systems utilizing Firebase Auth for secure login and account management.
- Engineered dynamic Firestore databases to store, sync, and retrieve real-time property listings
- Designed detailed landing page displaying critical house data
- Implemented features to enabling landlords and agents to upload new houses with price and geographic area.

Tech Stack: React, TypeScript, Firebase (Auth/Firestore), Tailwind CSS

Computer Instructor

INTERNATIONAL DATA MANAGEMENT (IDM) | *Full-Time* | 2020 – 2022

Key Responsibilities & Achievements

- Managed laboratory infrastructure, optimizing computer system performance and maintaining hardware/software reliability.
- Delivered advanced practical training to students on diverse computer applications, software packages, and technical workflows.
- Cultivated creative technical thinking by designing hands-on projects that encouraged innovative student solutions.
- Tracked academic progression, maintaining precise records of student attendance, coursework evaluation.

Automated Academic Grading System (Project)

- Engineered a data-driven grading system in Excel to process, track, and manage student continuous assessments and final examination scores.
- Programmed logical formulas to automate cumulative sums, percentage averages, class rank positioning, and dynamic teacher commentary based on performance thresholds.
- Designed official school branding and corporate identity assets using CorelDraw vector design tools.

Tech Stack: Microsoft Excel (Advanced Formulas & Logic), CorelDraw

EDUCATION

Rufus Giwa Polytechnic, Owo, Ondo State

National Diploma (ND) | 2011 – 2013

Higher National Diploma (HND) | 2015 - 2018
